

Curriculum Vitae

Qazvin University of Medical Sciences (QUMS)

Department of community medicine

First name: Ameneh

Last name: Barikani

Date of birth: 10 August 1969

Place of birth: Taleghan - IRAN

Marital status: Married

Specialty: Community medicine

Employment: Faculty member (associate professor of community medicine) in

Faculty of medicine, Qazvin University of medical sciences, Iran, since year 2001.

Working as general physician in a health and treatment centre for 2 years, 1995

Educational-background

- *High school diploma: 1987 (Taleghān)*
- *Entrance to medical school: 1989 (Esfēhān university of medical sciences)*
- *Graduated as a Medicine Doctor: 1996 (Esfēhān university of medical sciences)*
- *Entrance to community medicine specialty: 1998 (Iran university of medical sciences)*
- *Graduated as a specialist in community medicine and passing national board: 2001 (Iran university of medical sciences)*

Membership in committees

1. *Research council of faculty of Qazvin university of medical sciences*
2. *Research council of Education Development Center*
3. *Research council of HSR (Health System Research)*
4. *Research and development council of Kosar hospital of Qazvin university of medical sciences*
5. *Research center of metabolic disease*
6. *Scientific committee member of clinical evaluation of medical students*
7. *Responsible of COME (community oriented medical education)*

8. *Responsible of public research center (4 yrs)*
9. *Scientific committee member of complementary and alternative medicine*
10. *Scientific committee member of professional medicine*
11. *Scientific committee member of SDH*

Responsibilities

1. *Research and education deputy of community medicine department (2009-2013)*
2. *Head of community medicine department*
3. *Responsible of medical students in health field*

Lecture and presentation of poster in Congress

1. *KAP study towards breast cancer in Minocdar, Qazvin.*
accepted as poster in Thirth international congress of breast cancer.
Beheshti University of Medical Sciences.2005
2. *Assessments of two educational methods in diabetic patients toward their wrong*

nutritional attitudes. accepted as poster in The congress of nutrition and physical activity in metabolic diseases and obesity. 2006. Qazvin University of Medical

Sciences.

3. *Sleep obstructive apnea in children after tonsillectomy. 2006. Tehran University of Medical Sciences*
4. *The frequency of obesity in personnel of Qazvin University of Medical Sciences. Prevention of non communicable disease and community based cares. 2006*
5. *Community need assessments towards health. accepted as poster in The first congress of community problem of health. Gissan University of Medical Sciences. 2008*
6. *The cause of decreasing health system research proposal by personnel of Qazvin University of Medical Sciences. accepted as poster in The first national congress in development of health system research. Shahreord University of Medical Sciences .2009*
7. *KAP study towards standards of isolation percussions in medical students of Qazvin University of Medical Sciences. The first congress of immunity in health system with basis of immunity in patients. Oromieh University of Medical Sciences .2011*
8. *The prevalence of fatty liver in diabetic patients . Physical activity nutrition in metabolic disease and obesity congress . Qazvin University of Medical Sciences .2008*
9. *Epidemiology of malnutrition in the world and Iran. The children nutrition*

congress. *Qazvin University of Medical Sciences*. 2003

10. *Nutrition in Children with FTT. The nutritional approach in malnutrition children. Qazvin University of Medical Sciences*. 2006

11. *The cause of divorce in womens that refer to legal office in Qazvin. accepted as poster in The seccond social pathology congress. Tehran University of Medical Sciences*. 2011

12. *The violence against women . accepted as post er in The second social pathology congress. Tehran University of Medical Sciences*. 2011

13. *Prevalence and risk factors of sleep bruxism in pre-school aged Iranian children. Proceeding of the 24thinternational congress of pediatric. Tehran University of Medi cal Sciences*. Oct-2012

14. *Complementary and aternative medicine in diabetes. Diabetes congress. Qazvin University of Medical Sciences*. 2013

15. *The clinical trials in homeopathy. Homeopathic treatments in disease. Qazvin University of Medical Sciences* 2011

16. *Vitamin D assessment in vitiligo patients. accepted as poster in The effect of complements in nutrition. Qazvin University of Medical Sciences*. 2013

17. *Probiotics. accepted as poster in Nutritional health and safety*.

Shiraz University of Medical Sciences.2013

18. *KAP of patients toward CAM. accepted as poster in The traditional medicine conference. Qazvin University of Medical Sciences .2013*

19. *The physician KAP towards CAM. accepted as poster in traditional medicine conference. Qazvin University of Medical Sciences .2013*

20. *The effect of dalibor water on umbilical infection. ?. Zanjan University of Medical Sciences.2011*

21. *The prevalence of hypertension in women over30. accepted as poster in The first congress of prevention, diagnosis and treatment of hypertension. Esfeh an University of Medical Sciences.2011*

22. *Assessment of nutritional practice in old age in Qazvin. accepted as poster in The geriatric congress. Kashan University of Medical Sciences.2007*

23. *Compare of caffeine and tryptophane use in children with normal and abnormal sleep. Respiratory disease in sleep and methods of its treatment. autumn 2014*

24. *Frequency of sleep disorders and its relation with BMJ. Respiratory disease in sleep and methods of its treatment. autumn 2014*

25. *KAP of GP about CAM. Basic and principles of traditional medicine treatments. summer 2013*

26. *KAP of GP patients about CAM. Basic and principles of traditional medicine treatments. summer 2013*

workshop teaching

1. *Research methodology for assistant prof of Qazvin University of Medical Sciences. 2011*

2. *Introduction of research methodology for medical residents. Qazvin University of Medical Sciences. 2011*

3. *Research methodology for health personnel of Qazvin University of Medical Sciences. 2009*

4. *Introduction of research methodology for medical residents. Qazvin University of Medical Sciences. 2009*

5. *Research methodology for health personnel of Qazvin University of Medical Sciences. 2008*

6. *Introduction of research methodology for medical residents. Qazvin University*

of Medical Sciences.2008

7. *Introduction of research methodology for medical residents . Gazvin University of Medical Sciences.2007*
8. *Research methodology for health personnel of Gazvin University of Medical Sciences.2007*
9. *Introduction of research methodology for assistant prof of Gazvin University of Medical Sciences.2007*
10. *Introduction of SPSS software for medical students.2005*
11. *Introduction of research methodology for medical residents . Gazvin University of Medical Sciences.2002*
12. *Introduction of research methodology for nursing students . Gazvin University of Medical Sciences.2001*
13. *Introduction of research methodology for dentist students . Gazvin University of Medical Sciences.2002*
14. *Introduction of research methodology for medical students . Gazvin University of Medical Sciences.2002*

Research Project

Principle investigator

- 1. The cause ,preventicn and treatment of anemia infemale school age children.*
- 2. Assessment of nutritional knowledge and attitudes in female puberty age children.*
- 3. High risk behavicrs in Tehrans students.*
- 4. High risk behaviors in Qazvin students.*
- 5. Assessment of nutritional knowledge , attitude and practice of old age inpatient in local hospital of Qazvin.*
- 6. Stress in medical students*
- 7. The quality of life in primary and secondary students toward acne*
- 8. Assessment of violence against women*
- 9. Assessment cause of divorce in men and women that refer to legal office in Qazvin*
- 10. Health need assessment of population of Minoodar in Qazvin*
- 11. Prevalence of obesity in personnel of Qazvin Un
iversity of Medical Sciences*
- 12. Assessment of nutritional attitude in personnel of Qazvin University of
Medical Sciences*

Main Cooperator

13. *Health need assessments in Qazvin.*
14. *The frequency of fatty liver in patients that refer to Bocali hospital of Qazvin.*
15. *Assessment of relation culture in residents of Minocdar in Qazvin. A population based research.*
16. *Assessment of family relation problem in residents of Minocdar in Qazvin. A population based research.*
17. *The cause of decrease in presenting proposal in HSR*
18. *The prevalence of mumps in Qazvin children.*
