

## Curriculum Vitae

### Contact information

**Name:** Ali Safary Variany

**Degree obtained:** P.h.D

**Place of study:** Tarbiat Modaress University

**Work experience:** Qazvin University of medical sciences – ۱۴ year (Faculty member)

### Educational experience:

- Training
- Harmful physical Agents
- Radiations
- Control of harmful agents in workplace and ambient environment

### Research activities background:

۱. Environmental Impact assessment of Lorestance petrochemical plant
۲. Environmental Impact assessment of Olfine Morvarid petrochemical complex
۳. Environmental Impact assessment of Fajer Utility petrochemical complex
۴. Environmental Impact assessment of Arvand petrochemical complex
۵. Environmental Impact assessment of Firoozkooh industrial complex
۶. Environmental Impact assessment of Robotkarim industrial complex
۷. Environmental Impact assessment of Nasirabad industrial complex
۸. Environmental Impact assessment of Ethylene pipeline complex (from Assalouyeh to Mahabad)

۹. Environmental Impact assessment of Mahshahr specific economical region petrochemical complex
۱۰. Environmental Impact assessment of Kavian petrochemical complex
۱۱. Supervising and auditing of environmental concerns progress procedure siabishe dams and pumped storage power plant complex
۱۲. Supervising and auditing of environmental concerns progress procedure Hamedan Bijar gas transfer pipeline
۱۳. Supervising and auditing of environmental concerns progress procedure Miandoab Bijar gas transfer pipeline
۱۴. Supervising and auditing of environmental concerns progress procedure Lorestan Rordbar dams and power plant complex
۱۵. Supervising and auditing of environmental concerns progress procedure Olfin Khark petrochemical
۱۶. Supervising and auditing of environmental concerns progress procedure west pars and petrochemical complex
۱۷. Supervising and auditing of environmental concerns progress procedure Ilam petrochemical
۱۸. Supervising and auditing of environmental concerns progress procedure Mahshahr specific economical region and petrochemical complex
۱۹. Supervising and auditing of environmental concerns progress procedure Ferdos gas power plant

#### **Survey and investigation experiences:**

۱. Safety designs for Tabriz Shave plant
۲. Design and construction cyclone

۳. Design and construction of microwave absorption room for studying wave effects on animals
۴. Survey on toluene effects upon micronucleus changes in Balb/c mouse Lymphocyte
۵. Survey on Investigation microwaves effects upon micronucleus changes in Balb /C mouse lymphocyte
۶. Surveys effects of work on musculoskeletal of one of the industries
۷. Investigation of noise effects on industrial workers in qazvin industrial city
۸. Investigation on occupational intoxication rate in workers detergent industries in qazvin industrial city.

#### **Published articles:**

Investigation of noise effects on qazvin industrial city workers

Investigation of occupational intoxication rate on qazvin industrial city workers

Survey on effects of noise on depression in industrial workers.
